23 March 2007

Dear Sir or Madam

ANNUAL GENERAL MEETING

The Annual General Meeting of Bunzl plc (the 'Company') is to be held at 11.00 am on Wednesday 16 May 2007 in the Cleveland Suite, The Selfridge Hotel, Orchard Street, London W1H 6JS. You will see from the Notice of Meeting in Appendix 1 to this letter that, in addition to the routine business to be dealt with at the meeting, there are three items of other business contained in Resolutions 7 to 9. An explanation of these Resolutions is set out below and certain further information is given in Appendix 2.

Ordinary Resolution 7 (Authority to allot unissued shares)

Under the Companies Act 1985, the directors require the authority of shareholders in general meeting to allot unissued shares of the Company and this Resolution seeks to renew the authority last granted to the directors at the 2006 Annual General Meeting. Accordingly, the directors seek the authority to allot at their discretion ordinary shares in the Company up to a maximum aggregate nominal amount of £38,000,000, being 35% of the total issued share capital of the Company and representing an amount equal to the sum of (i) 33% of the total issued share capital and (ii) the amount of the share capital reserved for unexercised share options. The directors do not have any present intention of exercising this authority other than in respect of the Company's share option schemes and if necessary to satisfy the consideration payable for businesses to be acquired. This authority supersedes all previous authorities and the directors intend to seek its renewal at next year's Annual General Meeting.

Special Resolution 8 (Allotment of shares for cash)

Shareholders' authority is required before the directors may allot any authorised but unissued shares in the Company (including any shares which the Company has purchased and elected to hold as treasury shares) for cash (unless the issue or sale takes place pro rata to existing ordinary shareholders). Such authority is sought annually so that the directors may at any time, should appropriate circumstances arise, allot shares up to the maximum permitted by Resolution 7 in connection with a rights issue or other pre-emptive offer (subject to certain limited exclusions or arrangements) and, in addition, allot for cash a maximum of 16,970,000 shares, being 5% of the issued share capital. The existing authority will expire at the forthcoming Annual General Meeting and, by proposing Resolution 8, the directors seek its renewal although at the present time there is no intention to exercise such authority.

Special Resolution 9 (Purchase of own shares)

This Resolution replaces a similar authority granted to the directors at the 2006 Annual General Meeting which is valid until the conclusion of the forthcoming Annual General Meeting. During 2006 the Company purchased 9,112,910 of its ordinary shares through the London Stock Exchange under this existing authority which are currently held by the Company as treasury shares. This authority was exercised only after very careful consideration and the proposed authority will be exercised in the future only if the directors consider it to be in the best interests of the Company and its shareholders, given the market conditions and price prevailing at the time. For a further explanation of this proposal and a brief summary of the taxation consequences, please see Appendix 2 to this letter.

Issued share capital

All references to the Company's issued share capital in this document are to the Company's issued ordinary share capital as at 12 March 2007, which was 339,498,091 ordinary shares, excluding any ordinary shares held as treasury shares. As at 12 March 2007 the Company held 9,112,910 ordinary shares as treasury shares, representing 3% of the Company's issued share capital, and the total number of voting rights in the Company was 339,498,091.

Action to be taken

Shareholders are asked to complete the enclosed Form of Proxy and to post it to the Company's registrar, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol BS13 8FB as soon as possible, but in any event so as to arrive by no later than 11.00 am on Monday 14 May 2007. Completion and posting of the Form of Proxy will not preclude shareholders from attending and voting in person at the Annual General Meeting, should they wish to do so. A user of the CREST system (including a CREST personal member) may appoint a proxy by having an appropriate CREST message transmitted to be received by no later than 11.00 am on Monday 14 May 2007. Alternatively, proxy votes can be submitted via the internet to be received by no later than 11.00 am on Monday 14 May 2007. Details of how to do this are shown on the enclosed Form of Proxy.

Documents available for inspection

Copies of the register of directors' interests and of the directors' service agreements and letters of appointment will be available for inspection at any time during normal business hours on normal working days up to and including 16 May 2007 at the Company's registered office, as will copies of the Annual Review and Summary Financial Statement and Directors' Report and Accounts for the year ended 31 December 2006. All such documents will also be available for inspection at the Cleveland Suite, The Selfridge Hotel, Orchard Street, London W1H 6JS from 10.30 am on 16 May 2007 until the conclusion of the Annual General Meeting.

Recommendation

The directors are unanimously of the opinion that the proposals described above are in the best interests of the Company and its shareholders as a whole. Accordingly, they recommend shareholders to vote in favour of the Resolutions referred to above, as they intend to do in respect of their own beneficial holdings.

DIVIDEND REINVESTMENT PLAN

The directors are recommending a final dividend of 11.7p for the year ended 31 December 2006 and, subject to the passing at the Annual General Meeting of Resolution 2 approving the dividend, shareholders will again be offered the opportunity to receive shares instead of the cash dividend to which they would otherwise have been entitled by participating in the Dividend Reinvestment Plan (the 'DRP').

The DRP allows shareholders to reinvest their cash dividend in shares bought on the London Stock Exchange through a specially arranged share dealing service. Under the DRP there is no creation of new shares to dilute the value of existing shares and the directors therefore believe that the DRP is beneficial for existing shareholders.

If you are not already a member of the DRP you will find full details set out in the enclosed brochure. This is a simple and low cost way for shareholders to increase their holdings in the Company. If you choose to join the DRP, an amount equal to the cash dividend (less an amount retained in respect of dealing commission and stamp duty reserve tax, each currently 0.5% of the value of shares purchased) will be used to buy the Company's ordinary shares. To join the DRP you should complete and sign the enclosed mandate form and return it to the Company's registrar, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol BS13 8FA, using the prepaid facility, to arrive no later than 11 June 2007. If you wish to continue receiving dividends in cash, you need take no further action.

The timetable relating to the payment of the dividend is as follows:

	2007
Shares quoted ex-dividend	2 May
Record date	4 May
Dividend paid	2 July

Further copies of this letter may be obtained from the Company's registrar, Computershare Investor Services PLC, PO Box 82, The Pavilions, Bridgwater Road, Bristol BS99 7NH, from the date of this letter until 14 May 2007.

Yours faithfully

A J Habgood
Chairman

Appendix 2

Authority for the Company to purchase its own shares

Details of proposals

At the Annual General Meeting held in May 2006 the directors were authorised to purchase up to 10% of the Company's ordinary shares then in issue (approximately 34.7 million ordinary shares of 32½p). During 2006, under this authority, 9,112,910 shares were purchased for an aggregate consideration of £63.1 million and are currently held by the Company as treasury shares, representing 3% of the Company's issued share capital.

The directors are seeking to renew the authority from shareholders to purchase up to 10% of the Company's issued share capital. The authority which is now sought is substantially the same as that obtained at the Annual General Meeting held in May 2006. The number of options to subscribe for ordinary shares outstanding at 12 March 2007 was 5,097,504 representing 1.5% of the issued share capital and representing 1.8% of the share capital which would be in issue if both the existing authority to purchase shares granted at the 2006 Annual General Meeting and the authority being sought were fully utilised.

The Company's Articles of Association already confer the general power for the Company to purchase its own ordinary shares. If the Company were to purchase any of its own shares, it would consider holding them as treasury shares with a view to possible resale or transfer at a future date, rather than cancelling them, in accordance with applicable law, if the Company considered this would give it the ability to sell or transfer treasury shares (subject to Resolution 8) quickly and cost effectively and would provide the Company with additional flexibility in the management of its capital base.

The maximum price payable per ordinary share, exclusive of expenses, would be the higher of (i) 5% above the average of the middle market quotations for the Company's ordinary shares as derived from the London Stock Exchange Daily Official List for the five business days preceding the date of the contract to purchase and (ii) the higher of the price of the last independent trade and the highest current independent bid on the London Stock Exchange Official List at the time the purchase is carried out. The minimum price payable per ordinary share, exclusive of expenses, would be 32½p (being the nominal value of each ordinary share). This authority will expire on 15 November 2008 or, if earlier, at the conclusion of the Annual General Meeting to be held in 2008. However, it is the directors' present intention to seek renewal of the authority at that Annual General Meeting and to seek further renewals at subsequent Annual General Meetings.

Shareholders are assured that the directors would purchase ordinary shares only on the basis that it would be expected to result in an increase in anticipated earnings per share, after taking account of other investment opportunities, appropriate gearing levels and the overall financial position of the Company. The Company's first priorities, whether by way of internal investment or by way of acquisition, lie in the support and development of its businesses. The use of the authority to purchase shares would therefore be only one of a range of investment options open to the directors.

Taxation consequences

The main taxation consequences under current UK legislation in force on 12 March 2007 (the latest practicable date before the printing of this document) of a purchase of ordinary shares taking place on or after 6 April 2007 pursuant to the proposed authority would be broadly as follows:

- a) For the Company: the Company would be treated as having made a distribution broadly to the extent that the amount paid for the ordinary shares purchased exceeds the price received by the Company when such shares were originally issued. The Company will generally be obliged to pay stamp duty at the rate of 0.5% (rounded up to the nearest £5) of the price paid by it for the ordinary shares.
- b) For a shareholder selling in the market: on the basis that all purchases by the Company will be made through the London Stock Exchange Electronic Trading System and that a dealer will therefore act as principal in the sale to the Company, the sale into the market of all or part of a shareholder's holding of shares ultimately acquired by the Company should generally be treated as a normal market sale. If the shares are held by the shareholder as a capital asset, the sale to the dealer by the shareholder will generally constitute a disposal for the purposes of tax on capital or chargeable gains (and will not constitute an income distribution) and a chargeable gain or an allowable loss may arise in the hands of the shareholder.
